Dear researchers and students

The organizers of the brain week 2025 cordially invite you to the CNB Researchers' Night. You will have the opportunity to join the aperitif and meet other researchers and students for interesting scientific exchange and maybe meet future collaborators!

There is no fixed order of the poster presentations planned. Please engage in this informal activity and take the opportunity to present data and tell others about your research. – At this point we would like to inform you that you are also welcome to join the Researcher's Night without a poster presentation.
